

MAKE US ONE (JOHN 17)

Written by Matt Maher, Chris Tomlin, Jason Ingram, Matt Redman, Natalie Hemby

Father the hour has come
Be glorified in Your Son
So that the world may believe
Together we fall at Your feet

God make us one
The cross is our common ground
We sing where Your blood flowed down
Hallelujah
Make us one
One body, one Spirit, one faith
Salvation in only one name
Hallelujah
Hallelujah

Forgive us of all of our sin
Show us Your mercy again
Shatter the walls that divide
For we are the body of Christ
God make us one
The cross is our common ground
We sing where Your blood flowed down
Hallelujah
Make us one
One body, one Spirit, one faith
Salvation in only one name
Hallelujah
Hallelujah

(And) can you imagine that day
The chorus of angels and saints
A sound that has never been heard
All of the praise You deserve

Lord won't You hasten the day
We'll be that chorus of angels and saints
A sound that has never been heard
All of the praise You deserve

God make us one
The cross is our common ground
We sing where Your blood flowed down
Hallelujah
Make us one
One body, one Spirit, one faith
Salvation in only one name
Hallelujah
Hallelujah
Hallelujah
