

## **NO NOT ONE**

*Written by Ethan Hulse, Lindsey Sweat, Matt Redman*

There will be battles before us  
But we know our God is a fortress  
Look how He's led us, against all odds  
We are the broken made mighty  
And we know today You're still fighting  
You've stood with Your people  
Through ages gone

And because You are for us  
Because You are with us

We sing from a victory that's already won  
Rise in the power of a glorious Son  
What stands against us, when You've overcome  
No weapon formed shall prosper  
No not one  
Not one  
No not one  
Not one

So many stories remind us  
You go before and behind us  
You're building Your Church on  
Your kingdom come

You spoke the beginning  
So You know the ending

We sing from a victory that's already won  
Rise in the power of a glorious Son  
What stands against us, when you've overcome  
No weapon formed shall prosper  
No not one  
Not one  
No not one  
Not one

Not one moment You haven't been faithful  
Not one way You ever have changed  
Not one day outside of Your presence  
No not one  
No not one  
Not one time will You ever forsake us  
Not one season will You ever let go  
Not one promise will ever be broken  
No not one  
No not one

And because You are for us

Because You are with us  
And because You are for us  
Because You are with us

We sing from a victory that's already won  
Rise in the power of a glorious Son  
What stands against us, when You've overcome  
No weapon formed shall prosper  
We sing from a victory that's already won  
Rise in the power of a glorious Son  
What stands against us, when you've overcome  
No weapon formed shall prosper  
No not one  
Not one  
No not one  
Not one  
No not one  
Not one  
No not one  
Not one
